You are recommended to: Place a piece of cardboard over the glass front; Wrap the entire case with several layers of bubble wrap for optimal protection;

Grandfather Clock

I like clocks so I decided to build a grandfather clock. I had some nice old pine from a demolition of a building. The cost of the pendulum clock was too high for me now. I used a quartz clock with battery operated Westminster chimes. The clock face seemed appropriate for the wood. I can add a pendulum clock at a later date. – Tom Clement
